

Sprint 3 Review: JobStats

5/20/19

Actions to stop doing:

- Spending too long on the maps component and the front end of the custom tiles

Actions to start doing:

- Add the about page and functionality to view job listings

Actions to keep doing:

- Meeting regularly to work together finish implementing all the features.

Work completed:

- Entirety of the custom skills, LinkedIn sign in, Google maps API + heat map linked to the cost of living, manual page.

Works not completed:

- About page

Work completion rate:

- For this sprint we planned to complete three user stories which we estimated would take 48 work hours. This sprint lasted 14 days during which we were fully able to complete two full user stories for a total number of 40 hours worked. This brings the daily rate of user story completion to 0.29 and the daily rate of hours worked to 3.42.
